

## List of Disclosed Donors

Unitary America prides itself on the greatest amount of transparency possible, and seeks to set a new standard for social welfare organizations. Any person that donates to Unitary America, through any means, will have their name and corresponding donation disclosed herein. Unitary America's threshold for reporting these donations is currently set at \$100, which excludes general membership dues paid by local community members (currently at a rate of \$60 per year, with exceptions). Unitary America believes that anyone should be able to see its finances, and that every organization should strive to be as transparent and open as possible. All recorded donations adhere to this format: [Name] (\$ Donation Amount). Unitary America will not, however, disclose any personally identifiable information other than the individual's name. Businesses are present on a separate list.

[UNITARY AMERICA HAS NOT RECEIVED ANY DONATIONS IN EXCESS OF \$100 THAT MEET ITS VOLUNTARY THRESHOLD.]
